Black is beautiful

The deep black of the center console works perfectly with the exteriors.

Pick your boots

Red on black, red on white, silver on red or silver on white. Choose the colour you want your alloys in and ride the streets like no one else has done before.

Get noticed

The body graphics and the alloy wheels combine to give the Play a look never seen on Indian roads before. Getting noticed just got real easy. For you and your friends.

Sleek is good

The Logan has got a new, sleek rear look too. Courtesy the lip spoiler that enhances the boot appeal and adds to the personality of the car.
